Classification norms for holiday cottages in Åland

Stars from 1 to 5 (★ – ★★★★★) are used in classification of cottages in order to make it easier for you to find the right cottage for your preferences of standard. The classification is indicative and e.g. the location or environment are not taken into consideration.

The classification norms have been ratified by Ålands Turistförbund and are based on the Åland product. More information at www.visitaland.com/classification
