3. NAME OF THE REGISTER

International Radar School 2019 applicant register

4. PURPOSE OF PROCESSING PERSONAL DATA

Data is collected for the organisation of International Radar School 2019 held by the University of Oulu. It is not used for any other purpose.

5. DATA CONTENT OF THE REGISTER

- Name
- Affiliation
- Contact information
- Information about the current level of studies
 - Current level
 - Level pursued
 - Name and affiliation of the supervisor (if applicable)
- Information about the motivation of applying to the radar school

6. REGULAR SOURCES OF DATA

Data is compiled from the information the attendees give on the registration form.

7. REGULAR DISCLOSURE, TRANSFER AND STORAGE OF DATA

The data is stored and processed on secured firewall-protected servers that are located in EU. Data is processed according to the EU General Data Protection Regulation. Dietary requirements are transferred anonymised to the organisers of the symposium events (ice breaker, conference dinner). Otherwise, the data is not transferred to anybody outside the symposium organisation.

8. REMOVING OF DATA

The data is completely removed from the servers after the radar school. If applicant cancels the application, the data remains in the servers. If cancelled attendee wants hers or his data removed immediately, she or he must ask it directly from the person responsible of the register (Mikko Orispää, mikko.orispaa@oulu.fi). Otherwise the data is removed after the radar school.

9. PRINCIPLES OF REGISTER SECURITY

The data is stored to University of Oulu servers which are located within EU. The servers use data according to the EU General Data Protection Regulation. The register is always kept protected with firewall and other needed technical measures.

10. PROHIBITING THE USE OF DATA

Data subject has the right to see and modify the information that is saved in the register at any time by asking the information or modification from the person responsible of the register (Mikko Orispää, mikko.orispaa@oulu.fi).
